

#1 in Mobile Degassing, Vapor Control and Water Treatment Since 1992

ALWAYS ENGINEERING. ALWAYS INNOVATING.

Best Practice

SCAN

Survey | Consider | Analyze | Notify (SCAN)

Utilize the following 5-step process to evaluate your work:

1. What am I about to do?
2. How am I going to do it?
3. What tools & materials do I need for the job?
4. How can I be injured? *Here's where SCAN comes in.*
5. What am I going to do about it?
